

How to play Money Wheel

R20 GAME RESPONSIBLY

CITY

Money wheel is the easiest of casino games, made popular in old movies, traditional fairs and side shows. Just step up to the money wheel and go for a spin! You could walk away with an exciting **45-1 payout!**

Getting started

To join the action, simply place your cash on the table and the Dealer will exchange it for gaming chips – then you're ready to go!

After playing, go to the cashier to change any chips back to cash or take them to another table to continue the fun.

What is the aim of the game?

Choose any symbol on the wheel. If the wheel stops on your chosen symbol after the spin, you win. Your payout depends on the odds for that symbol.

How it works

Place a bet on the symbol you think will win in the wager area of the table. You can bet on as many symbols as you want.

The Dealer will call "no more bets" and spin the wheel.

Everyone with a bet on the winning symbol wins and will be paid at the odds shown below.

The more sections showing a particular symbol, the smaller the odds. Likewise, the fewer sections for a particular symbol, the greater the odds.

Bets and odds

The Money Wheel odds are clearly displayed on the table. Differences in the odds are in proportion to the number of symbols on the wheel.

Winning symbol	Payout
United Kingdom	Pays 1 to 1
Europe	Pays 3 to 1
USA	Pays 5 to 1
China	Pays 10 to 1
India	Pays 20 to 1
Silver Fern	Pays 45 to 1
Kangaroo	Pays 45 to 1

For example, if you wagered \$5 on the China symbol, you would win ten \$5 chips (worth \$50) if the wheel comes to rest on a section displaying the China symbol. You would also have your \$5 wager returned to you.

The above odds are correct at the time of printing, but are subject to change.

Table limits

Table Games have varying minimum and maximum bets. Before you sit down, please check the sign displaying the betting range at the table.

Good luck... and remember

As with all Table Games, if you are not sure about a bet or the rules of the game, just ask one of our Dealers for assistance. They will be happy to explain anything about the game that you may not understand, or provide you with further information in relation to the rules.
